GO BEYOND BASIC WITH LUXURIOUS RESORT FEATURES

NESTLED IN THE HEART OF YISHUN LIES A HOME CREATION BY 2ND PHASE DESIGN THAT TRANSPORTS YOU AWAY FROM THE BUSTLING NOISE OF THE CITY AND INTO A HOMAGE TO RELAXATION AND COMFORT WHERE YOU CAN TRULY BE YOURSELF

Inspired by Earthly designs and colors, each aspect of the home was carefully crafted to reflect functional and practical without compromising the resort like environment. Beautiful wood grain titles lies across the whole apartment, which will remain its glorious sheen even after months of usage thanks to its clicklock system that will prevent expansion during hot summer days and its 100% waterproof surface. Now that's what I call Functional & Practical!

In the living room lies a minimalist, the TV wall features a close and open sliding cover which allows you to display whatever you wish your guests to see and at the same time, provides a hidden storage compartment and at the same time, cleverly hiding all those unsightly cables.

Over at the dining hall, a Bronze mirror is installed to enhanced the effect of a spacious space, while the wall are fixated with tiles that is created with a elegant rustic craft stone effect. A luxurious effect yet low maintenance, something that is rare to come by usually with luxurious installation. At the other side, a warm, comforting kitchen awaits all who steps into this glorious space where amazing food are served, a beautiful "work space" that is only to be further enhance by the mother of pearl kitchen top and simplistic designs. Not just in the kitchen, but also throughout the house, all cabinet had been using "EDL laminates - www.edleuro.com", it is lasting, quality, low maintenance, Eco-friendly & features a wide range selection.

The Master bedroom, the Owner's Suite or what you may call it, is where the owners gets a good rest thus of utmost importance. The ideal bedroom is a sanctuary, a space for relaxation and rest. More than just a place to lay our heads, 2nd Phase Design have created a luxurious full-service suites. The spacious-feeling room offers amenities such as a decadent bathroom, a mirror storage cabinet & suspended vanity cabinet, a dressing table that could flip and viola! Becomes a desk and a TV where you could enjoy the enjoy coffee while watching TV all from the comfort of your very own bed whist surrounded by 3D leather cushion of wall paper to enhanced the softness in room. With these offerings, the master suite truly becomes a retreat from the rest of the world—a home within a home.

Not forgetting the occasional guests that might pop overnight, 2nd Phase Design has designed a room that feature tasteful furnishings, elegant décor with grandiose luxury textured wall matching the comforting bedhead along with the intelligent use of diagonal shape corner to reconstructed into a study table.

Using the principles of creativity and functionality, the study room is designed to flow with the use of diagonal shape room into a study table & sofa bed.

With all the careful thought and detailing that goes into this home, you can be sure that 2nd Phase Designs leaves homeowners a practical experiences and lasting great impressions.
