LOFTY LIVING

THIS CHARMING CONDO MAY NOT BE WHAT ONE CALLS A LOFT PER SE, BUT IT SURE FEELS LIKE ONE.

With its alluring openness and urban atmosphere, it bears stunning loft and penthouse features. The simple and airy staircase looks pleasantly raw with its juxtaposition of industrial grey metal railings and the warm wood surface. It also serves as a centerpiece with a strong impact on the general atmosphere and spirit of the condo. Complemented with pearly white fittings, the living room reflects the natural bright lighting perfectly.

As you make your way out to the patio, an instant calmness hits from the tranquil sounds of the pond's water feature. Complete with comfortable throws on the teak furniture, grab a book and a glass of wine, and you are set for an evening of peace and solitude.

A clean ship is a happy ship. This expression goes without saying in the stunning black and white-themed kitchen. Revealing a modern penthouse-inspired kitchenette, the glass doors create an aesthetic dimension from the sophisticated and minimalistic dining area.
